

Pia Rickman | Intimacy Coordinator

Pia was amongst the first to work as an Intimacy Coordinator in Europe and she has worked extensively on creating awareness for safer intimacy practices both in the UK and abroad.

Pia's prior on-set experience as an assistant director and production manager, and her current position as a lecturer of acting, feeds into her versatile vision as an IC.

Pia likes to collaborate with productions from the start of preproduction, offering a chance to develop the content through workshops and consultation if preferred.

Pia, a SAG-AFTRA recognised Intimacy Coordinator, is co-founder of The Intimacy Practitioners' Guild IPG and co-director of Nordic Intimacy Coordinators.

Enhanced DBS, CRISP and Mental Health First Aid training certificates available upon request. Pia is based in London.
