

Nikhil Theva Raj | Production Manager

A PM with experience in high-end TV drama & films of different genres. My goal is to be a Line Producer who adds great value to the team. My key achievements include a £4000/- cost savings on overseas equipment rental through good relationships and negotiation skills with suppliers, resolving legal issues with prop store sites, negotiating key crew deals and engagements (i.e., DOP, 1st AD's) & overseeing budgets set for different episodes.
