

## Dorothy Collins | Production Co-ordinator

Dorothy is an experienced Production Coordinator with bases in London and across the UK. She has 5 + years of experience working on productions of varying sizes - from development through to post-production - ranging in genres in both Studio and on location. She is confident setting up UK and International shoots, executing all cast and crew contracts, coordinating post-production, and managing clearances.

As a working-class woman with a disability, she actively seeks to work with dynamic, trailblazing companies that not only appreciate the importance of hiring a diverse production team to achieve the best results, but consciously strives towards inclusivity both on and off-screen.
