

## Anne Rudd | Costume Designer

Anne is an award-nominated Costume Designer with over 30 years' experience in contemporary, period, and fantasy drama. She began her career with *King Girl* for the BBC, earning an RTS Craft Award nomination, and thrives on the creative excitement of bringing characters to life from the page up. Working intuitively and collaboratively, Anne balances vision with practicality, finding inspiration in the smallest details—a colour, a texture, a piece of jewellery—and transforming them into fully realized costumes with precision, passion, and calm expertise.
