

Carla Vicenzino | Makeup & Hair Designer

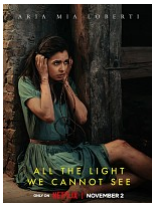

With over 30 years of experience, Carla is a highly accomplished Australian-Italian hair and makeup designer working at the top levels of international film and television. Her career spans productions across Italy, the UK, Europe, Australia, and Canada, from indie films to major studio features, collaborating with world-renowned directors, actors, and studios including Disney, Marvel, 21st Century Fox, and Paramount.

She brings a deep understanding of character creation, combining technical expertise with artistic intuition. Known for her adaptability, professionalism, and leadership, she frequently heads crowd teams and manages large-scale coordination. Her skillset covers beauty and editorial work, prosthetic and character effects, wig and period styling, and advanced facial hair techniques.

She has worked as a personal artist to Mark Ruffalo, Hilary Duff, Jeff Goldblum, Emilia Clarke, Rebecca Ferguson, Tessa Thompson, and Ethan Hawke, and has supported the visions of directors like Ridley Scott, Fede Álvarez, and Michelangelo Antonioni.

Passionate about mentorship, she lectures at Royal Holloway University and teaches specialist techniques at the Christine Blundell Makeup & Hair Academy. Her strength lies in her ability to lead creatively and contribute meaningfully to the visual storytelling of every project.
